4.	Disha Path (Group Guidance)	College students in 1 <sup>st</sup> , 2nd or 3rd year with attempt after 2 Years

# A MESSAGE TO ASPIRANTS

*Dear UPSC Aspirants,*

*The UPSC journey is not an easy one, but it is definitely not an impossible one. Every year, over 6–7 lakh students appear for the Prelims examination, but only a few around 12,000 qualify for the Mains stage. In the Mains examination, again only about 2,500 candidates are finally selected.*

*However, many students qualify for the exam within their first three attempts, while many others are unable to clear even the Prelims in five attempts or more.*

*Yet, we often get to hear only the success stories and not the complete picture— the struggles behind aspirants becoming officers. Those who clear the exam have one thing in common: they somehow figured out what to do at each stage of their preparation. They did not waste time searching for or verifying resources.*

*On the other hand, those who fail to clear the Prelims despite multiple attempts do not lack capability; they usually lack proper guidance, correct information, and regular course correction.*

*Today, the market is flooded with lectures, materials, tips, and tricks. However, authentic guidance from expert mentors with real experience of both the examination and the industry is rare.*

*With my diverse work experience and in-depth UPSC preparation experience across all stages, I am here to guide you—and you will see a tremendous improvement in your confidence within just a few months of mentorship.*

**Regards,  
Sumit Kumar  
(Your Mentor and Well-Wisher)**
